SUMMARY

A highly motivated and technically proficient recent graduate in Computer Science Engineering with solid skills in C, Python, and Java. Possesses expertise in web development technologies and database management. Eager to embark on a career in a progressive software organization to apply knowledge, hone skills, and contribute to innovative projects while continuously learning and growing alongside the team.

EDUCATION

B.Tech in Computer Science Engineering

SR University • Warangal • May 2025 • 7.8

Maths, Physics and Chemistry

SR Junior College • Warangal • Aug 2021

PROJECTS

Pan Card Validation

- Developed a Java Swing-based GUI application for PAN card validation..
- Implemented robust algorithms for verifying the format and authenticity of PAN card numbers.
- Utilized object-oriented programming principles for effective code structure and maintainability.
- Gained skills in object-oriented programming.

Phishnot: A Cloud based approach to detect phishing using Machine Learning

- Developed a cloud-based solution for detecting phishing attempts that uses machine learning to examine and detect dangerous websites.
- Deployed classification models and feature extraction strategies to improve the efficiency and accuracy of detection.
- Gained firsthand knowledge of cybersecurity procedures, machine learning workflows, and cloud integration.

Pizza Recommendation and its Analysis

- Developed a machine learning model for pizza recommendation with 72 accuracy using Linear Regression, and Decision Tree algorithms.
- Project study of Pizza Recommendation and Analysis would involve a comprehensive analysis of the data, algorithms.
- Pizza Recommendation and Analysis tools have the potential to improve the pizza experience for everyone involved.
- Analyzed consumer tastes and market trends to optimize the pizzeria menus and operations.

SKILLS

Programming Languages: Python, C, Java

Web Technologies: HTML, CSS, JavaScript

Databases: SQL, DBMS

Software Development : Object-Oriented Programming (OOPs),SDLC

CERTIFICATIONS

Java Programming Fundamentals.

edX

Oracle Cloud Infrastructure 2024 Generative AI Certified professional.
